

Flyer Policy Revised 11/13/2014

Article Ten, Section 13 of the MDC allows flyer distribution to advertise resident charity endeavors and resident not for profit (club) events. However, notices left in newspaper boxes of part-time residents can get rain soaked or cause street litter. For this reason, residents are encouraged to use the Community Message Board email program and the various bulletin boards provided for that purpose. The Lockwood Folly Facebook page is another option. If flyers are distributed in paper boxes, the POA board imposes the following rules:

Flyers must be placed in paper boxes, not mailboxes, not more than 1 week in advance of an event. No later than the second day after an advertised event takes place, any flyers remaining in mailboxes must be removed by the organization responsible for distribution.

The Board reserves the right to revoke flyer distribution privileges from anyone who does not follow these rules.
